NUMBER 110

THE GAZETTE.

TUESDAY JULY 19.

Col. McDonald, of the fish commission, has been detailed to make an extended trip through the northwest, for the purpose of establishing new stations for the distribution of fish.

Speaking of the efforts of Dakota to secure recognition as a state, The Philadelphia Record says "there is no side door to the halls of the Union." As the front door seems to be nailed up, the outlet is not promising for Dakota.

Robert W. Wilcox, a young American military student in Italy, has married a rich Italian Princess. This will be a slight offset to the numerous rich American girls who have married bank-ruined sons of European Royalty.

A fire at Ford du Lac Saturday afternoon burned the storehouse formerly used by McDonald & Stewart, the residence of A. W. Bullock and Charles Johnson, the Colton Street Methodist Episcopal church, and the houses occupied by the Pease, O'Boyle and Foxen families. Loss \$15,000.

A decision has just been rendered in the case of James Young, a homestead entry man of Salt Lake City, which comes from the position of the land department that cultivation and improvements and the showing of good faith in other respects, cannot compensate for actual residence upon the land sought to be pre- ceded.

The visible supply of grain on Saturday, July 18, as compiled by the New York Produce Exchange, was as follows: Wheat, 31,456,898 bushels—decrease, 1,-200,202 bushels; corn, 674,259 bushels—decrease \$2,157 bushels; oats, 1,073,165 bushels—decrease, 350,506 bushels; rye, 213,602 bushels—decrease, 15,637 bushels; barley, 130,177 bushels—decrease, 6,301 bushels.

Apropos of the weather, it is instructive to know that there are about 7,000,000 pores in the human body, and that each pore is a quarter of an inch deep. If the pores were hitched together in one string they would reach a distance of twenty-eight miles. When you remember that twenty-eight miles of drain age is bringing its sewerage to the surface of the body, the necessity for frequent baths this weather can be appreciated.

A mob broke into the County Jail at Menomonee Falls, Saturday night, seized Max Conrad, and taking him to a bridge on the Chicago, Rock Island and Pacific Road, hung him to a beam. Conrad murdered Henry Salle, his neighbor, last Thursday, and robbed him of \$500. The vengeance of the mob was aroused by the death of Mrs. Salle, who was in a delicate condition and was killed by the shock caused by her husband's murder.

The Knights of Labor of East Ossipee, this state, which was composed of a large membership, sufficient to control the municipal election by a large majority in the spring of 1886, is now dwindling to small ranks. Iron assembly, No. 4,506, at Black River Falls, has arranged for the settlement of all its business affairs, and at the last meeting decided to surrender its charter. The lodge at one time comprised a membership of upward of 200.

The New York liquor dealers will hold a state convention in Brooklyn August 23 "to arrive at a just and equitable excise bill for the state," and incidentally to thank Governor Hill and the democrats for their opposition to the Vedder and high license bills. These dealers ought not to forget the third party prohibitionists. If it had not been for them Hill would not have been elected governor and the high license bill would have been a law.

It is pleasant to think that at Aden, on the Red sea, the thermometer often lingers for days at 130 degrees. To add to the heat there is no vegetation amounting to anything, and the red sand becomes hot under the rays of the equatorial sun as to blister the feet, even though they be eased in the stoutest of shoes. When steamer land at this port of the Inferno the tar runs out of their seams like water, while the sails sear and smoke. Compared to heat like that this is a cold wave which we are enjoying.

Governor Rusk and wife, Miss Mary and Master Blaine Rusk, Mrs. Judge Bunn and son, George, all departed Monday morning for an eastern trip in a party. They left via the Northwestern road and go by way of Chicago and the Grand Trunk railway to Montreal and then down the St. Lawrence. The destination of the party is Natick, Massachusetts and other points on the seashore. The outing will be of great benefit to the party, especially so to the governor who has been feeling poorly of late. They will be absent about a month.

The Texas court of appeals has decided that the state law imposing a tax on commercial travellers from other states is constitutional, the United States supreme court to the contrary notwithstanding. The Texas court finds the decision in the Robins case by the United States supreme court "an unwarranted assumption of constitutional authority—an innovation of federal power." Evidently the Texas jurists have been reading the president's letter advising the youth of the country to study the doctrines of Calhoun. Texas proposes to carry out these doctrines and to follow her own sweet will in taxing travellers, irrespective of the federal constitution. Under the influence of a democratic administration the country is making rapid progress backward.

Mr. Thomas Fortune, the editor of a

DISASTERS OF THE DAY.

RECORD OF THE ACCIDENTS OF IMPORTANCE.

Freight Trains Collide—Burned by Oil—A Bad Gas Explosion—Other Accidents.

TORONTO, Ont., July 19.—Two Canadian Pacific railway freight trains collided this morning at Myrtle Station, twenty-five miles from here. Both engines were smashed to pieces. A dozen cars went over an embankment and were knocked into kindling wood and their contents destroyed. So great was the force of the collision that one engine mounted on top of the other, and landed in a box car. The engineers and firemen jumped for their lives, one of the former, James Andrews, being dangerously injured internally. In the collision Mr. Andrews was slightly killed. His manual remains being found at the bottom of the embankment underneath the car on which he had been standing when the collision occurred. Other train hands escaped without injury. Who is to blame for the collision is still a mystery. The loss on rolling stock and freight will reach between \$50,000 and \$60,000.

The Kerosene Grinding Stock.

Perth Amboy, July 19.—Mrs. James Smith of Four-mile Bay was fatally burned and her husband and sister-in-law, Annie Smith quite seriously injured last evening by an explosion of a ton of kerosene. Mrs. Smith attempted to start the fire in the stove with the oil, and the flames, congealing to the cans caused the explosion. The burning liquid was scattered over the two women, setting fire to their clothing. Mr. Smith came to their rescue, but before the flames were extinguished his wife was burned so badly that she will die and Miss Annie had sustained painful injuries. Mr. Smith had both arms and his face badly scorched in his efforts to save the two women. This makes the sixth fatality in this vicinity in forty-eight hours.

Four Men Killed.

LOUISVILLE, Ky., July 19.—News is received here of a fatal accident twenty miles above this city, on the river on the Indiana side. On the extensive farm of Argus Davis a remarkable degree fitted up with all the modern conveniences of the Victorian age. It contains probably the most elaborate and complete system of electric lighting in the world, there being no less than 500 lamps in the great marble hall and 3,000 in the entire building. Spring water is supplied to every part of the house by an electric pumping engine. Doors are opened and closed by touching electric buttons, rooms are heated by electric radiators, and elevators and dumb waiters run by electric power. The system extends to the barns of the great farm, where threshing machines, hay carts, grain mills and all other mechanical devices are operated by electric energy. In fact the whole place is a marvel of scientific equipment, contrasting curiously with the ancient architecture of the hall and the often times medieval Toryism of its master's politics.

A Natural Gas Accident.

MUNCIE, Ind., July 19.—While B. P. Bratton, a prominent citizen of this place, was at the water-works parklets night he lit a match in the house over the gas-well, when a terrific explosion of escaping gas occurred. Bratton was severely injured by the explosion, both arms being burned to a crisp. His wife was probably fatally burned by her clothing catching fire, and Mrs. Harris, who was with them, was also badly burned.

Patentees at La Crosse.

LA CROSSE, Wis., July 19.—Easton Gleason, a laborer in the mill yard, died Monday from the effects of a fatal accident received Saturday afternoon. Frank Barthel, who died of similar Saturday, and Phillip St. John, deceased by the capture of a mule Sunday night, were buried today. The body of an unknown man, well dressed, was taken from Paul's mule booth this morning. It had evidently been in the water a week.

An English Crushed.

SANDUSKY, Ohio, July 19.—Robert Owens, of the city, aged 21 years, was killed Monday when he was engaged in an engine of iron-milling machinery at a works, and in some manner while starting the lumbering apparatus he was caught between the large cog-wheels, drawn in, and crushed into a shapeless mass. He leaves a wife.

Bad Sawmill Blaze.

LAPORTE, Mich., July 19.—Marshall & Brothers saw and planing mill, together with 300,000 feet of lumber at Lapeer City, Lapeer county, burned Monday afternoon. Loss, \$15,000; no insurance.

A Residence in Ashes.

BLOOMINGTON, Ill., July 19.—John Crumblin's house in Leroy, in this county, was burned Monday morning. Loss, \$4,000; insurance about half as much.

Making Counterfeits in Iron Mounts.

CINCINNATI, Ohio, July 19.—Adam Rocke, the counterfeiter, was held to the Federal grand jury Monday in \$4,000 bonds by Commissioner Hoyne, who held on his own recognizance. They were arrested yesterday night upon information given by G. N. Reed, of the State, upon whom the bond was placed, and were being held in jail half dollars. Reed required several of them before he suspected anything. Rocke's house, on Long John street near Twenty-sixth, was searched by Secret Service Agent Porter, and the entire outfit, together with \$80 in false coin, was discovered. Rocke confessed his guilt and denied having accomplices. He is an iron-moulder by trade, and made the money from certain molds, impressed from genuine coins.

Counting the Nation's Cash.

WASHINGTON, July 19.—The count of the cash and securities in the Treasurer's office which began May 23, will probably be completed this week, as only the gold coin received from the States, \$87,500,000 of which \$50,000 was in standard silver dollars, \$2,000,000 in gold coin, \$2,000,000 in fractional silver coin, and the remainder in notes and certificates. So far as is known not a single pappy's deficiency has yet been found.

They Obey to the Letter.

PORTLAND, Me., July 19.—The city marshal having ordered druggists not to sell soda and cigars on Sunday, all the druggists in the city except the proprietors of one small shop closed their stores entirely Sunday, not even putting up physicians' prescriptions. Their action is generally commended by citizens, who do not sustain the marshal in his attempt to enforce the "blue-law." The druggists will take some further concerted action.

Distinguished Italians at Kalamazoo.

KALAMAZOO, Mich., July 19.—The Signorina Cipriano, two daughters of Gen. Cipriano, a distinguished officer of the Italian army, are in this city, the guests of Miss Fannie Allen, and will summer here at and Charlesworth, Charles A. Davis, of Chicago, has been appointed to the chair of natural science in the Alpha Presbyterian College, in the place of Professor Howell, resigned.

They Will Work Elsewhere.

ENONDALE, N. Y., July 19.—The striking engineers and firemen on the Brooklyn Elevated railroad, finding that the company could not be induced to arbitrate, have given the matter up and gone off and sought employment elsewhere. They had very little difficulty in securing employment, and in some instances at better wages than paid them before.

The Ball Score.

At Monday's baseball games the following scores were made: New York vs. Chicago, 2-1; Philadelphia, 18-12; Detroit, 21; Washington, 13; Metropolitan, 11; Cleveland, 5; Boston-Baltimore game postponed.

At Night always have

Scot's® Emulsion of Pure Cod Liver Oil with Hippophae. It has the whole realm of Medicine. Read the following: "I gave one bottle of Scot's Emulsion to my own child for Scrofula, and the effect was miraculous." —O. P. Gray, M. D., White Hill, Ind.

A CARD.

All who are suffering from the enormous sufferings of youth, nervous weakness, early decay, loss of manhood, etc., will find a relief which will cure you, FREE OF CHARGE. This great remedy was discovered by a physician in South America. Send a self-addressed envelope to the Rev. Joseph T. INMAN, Station D, New York City.

THE OHIO DEMOCRACY.

The Work of the Coming Convention Outlined.

CLEVELAND, Ohio, July 19.—The Ohio Democrats will begin their State convention here Wednesday night. Already the delegates and candidates are coming in, and while the convention does not promise to be enthusiastic, the attendance will be large and the nominations will cause energetic rivalry. Until Monday Thomas E. Powell appeared to be in the lead for Governor, with Congressman Campbell close upon him, backed by southern Ohio. Early Monday a conference was held by a number of prominent Cleveland Democrats, who proposed to nominate Martin A. Foran for Governor, even against his declination of two months ago. Foran has refused to be a candidate, and yet has lost no chance of furthering his cause. For his services he was invited on a couple of occasions and asked to accept the nomination for Governor should it be offered. Foran replied that he would accept, but declined any effort to secure the nomination. After this announcement he left town for a vacation trip. This sudden move has surprised the other candidates, who were content to believe Foran out of the contest. His advocacy of labor interests, even to the extent of anarchy and socialism, has made him in one way a candidate of the labor element, and if nominated the Union Labor party will repudiate its candidate, Solitz, and endorse Foran. D. C. Conant of Portage, seems the probable candidate for Lieutenant Governor. The platform is designed to endear Cleveland, and will give Therman some strong words. Efforts will be made to have a more antagonistic expression toward the saloons, but this will be fought bitterly by delegates from the cities. It is mentioned at all the relay stations that Foran will be treated as a mistake for which Cleveland was not to blame. Senator Henry B. Payne, who was almost defeated for delegate last Saturday, will take a prominent part in the proceedings, and there is some talk of endorsing him as Chiv's candidate for President. The convention promises to favor to a great extent the labor element, and by nominations and platforms seek to draw that vote away from its own party. For this reason the nomination of Foran is strongly urged.

Montgomery Racing at Brighton.

NEW YORK, July 19.—Racing at Brighton Beach Monday resulted as follows: First race—Three-fourths mile, Patalka, first; Argus Davis, second; Cleighton, third-time, 1:31. Second race—One and one-sixteenth miles, Lizzie Walton, first; Big Head, second; Lea, third-time, 1:34. Third race—Seven-eighths mile, Armstrong, first; Calera, second; Eddie Hardy, third-time, 1:31. Fourth race—One and one-fourth miles, Treasurer, first; Racquet, second; Frolic, third-time, 1:31. Fifth race—Seven-eighths mile, Niagara, first; Marsh Redon, second; Montauk, third-time, 1:31. Sixth race—Seven-eighths mile, Tucker, first; Hickory Jim, second; Bonito Prince, third-time, 1:31. Seventh race—Seven-eighths mile, Lucy B., first; Craftie, second; Commander, third-time, 1:31.

London Notes.

LONDON, July 19.—John Nash Peake, a colliery owner of Staffordshire, has died. His liabilities are between £100,000 and £200,000. A Tory whip has been issued urging the Conservative members to attend the session of the House of Commons and take part in the discussion of the conduct of Dr. Tanner, member for Cork, in calling Mr. Long, another member, a "scoundrel" in the lobby of the House Friday night.

The replies of the powers to Bulgaria's note asking their approval of the election of Prince Ferdinand of Saxe-Coburg-Gotha as Prince of Bulgaria are evasive.

The York Local Bill.

LONDON, July 19.—Lord Hartington had an interview Monday with W. H. Smith, the Conservative leader in the Commons, on amendments to the land bill. The meeting resulted in Mr. Smith's acceptance of the main proposal of the Liberal-Unionists, Lord Salisbury, at a reunion of Conservatives to-morrow, will announce the extent of the concessions. The report gains credence that the Government will not accept the Unionists' amendments to the land bill unless Lord Hartington and some other prominent Liberal-Unionist join the Cabinet and share the responsibility.

Political by Paper.

AURORA, Ill., July 19.—An infant child of Harry Petrys died suddenly at 380 Jackson street in consequence of drinking some water in which his paper had been soaked.

A Residence in Ashes.

BLOOMINGTON, Ill., July 19.—John Crumblin's house in Leroy, in this county, was burned Monday morning. Loss, \$4,000; insurance about half as much.

Making Counterfeits in Iron Mounts.

CINCINNATI, Ohio, July 19.—Adam Rocke, the counterfeiter, was held to the Federal grand jury Monday in \$4,000 bonds by Commissioner Hoyne, who held on his own recognizance. They were arrested yesterday night upon information given by G. N. Reed, of the State, upon whom the bond was placed, and were being held in jail half dollars. Forest Park Adventures.

Lots are now offered for sale in the Forest Park addition at prices from \$200 to \$500, each. No other lots in the city are in market, which combine so many attractions for charming homes. Broad avenues, excellent streets, high elevation, numerous shade trees, natural drainage, varied scenery and unusual accessibility, are some of the desirable features of the property. The streets are being graded at the expense of the company. Lots of almost any size—ranging from four rods by eight to those containing an acre or more can be obtained; lots of any of the directors of the company, who will cheerfully give any information desired.

California grapes, peaches, plums, pomegranates, etc. DENNISON.

BRIEFLISTS.

Court Street M. E. Sunday school is opening up this afternoon.

Cobbers & Oulen's grocery has been replaced by a saloon with the same firm as proprietors.

A large party from this city expects to go into camp at Clear Lake on the first of next month.

"When a man buys a porous platter," remarks the Peoria Transcript, "he usually sticks to his bargain."

The "Buyer's Meeting" held at the Wayside Inn heretofore has been given up for the summer months.

Miles Doran is removing his tailor shop from West Milwaukee street to rooms under T. J. Zeigler's store.

Frank Beawick and George Dutton will start within a few days for a short visit in Omaha and Kansas City.

Janesville City Lodge, No. 90, I. O. O. F., occupy Odd Fellows hall this evening. Regular weekly meeting.

The directors of the public library are getting ready to move the library into the new rooms in the Phoenix block.

Inspectors Murphy and Barth, who looked through the Janesville office this morning, went from here to Madison.

Two serenading parties went the rounds last night and made things very musical. The guilty ones are still at large.

Regular communication of Western Star Lodge, No. 14, F. and A. M., this evening at Masonic hall. Degree work. A full attendance is requested.

The latest shade of blue takes the name of wave blue.

That the ten of seven sticks is the favorite of the moment.

That rubies and emeralds will be the favorite gems this season.

That wheat-stalk pins in silver and silver and gold are much worn.

That the latest idea in jerseys calls for low necks and short sleeves.

That the most fashionable summer hat has all the trimmings on the band.

That white red black lace sleeves are still a temptation to women possessed of beautiful arms.

That the excessive use of perfume once considered vulgar, has again become fashionable.

That two very wires in the back of a thin dress make the girl of the period look as if in a cage.

That a recently published society journal remarks bluntly, "when a lady and a gentleman are walking together, the lady should walk inside the gentleman."

PERSONAL.

W. C. Tubb is in the city advertising the Racine fair.

Miss Julia Vankirk is visiting friends in this city.

Alva Hemmens, formerly of this city, has sold his restaurant in Beloit to parties from Whitewater.

Mr. B. Osgrove, of New York, is in the city visiting his sister, Mrs. Ellen Addy, North Franklin street.

Mrs. Emma Harbert, of Des Moines, Iowa, is in the city, and is the guest of Mrs. Geo. M. Hubbard, of the fourth ward.

Mrs. L. S. Treat and daughter Josie, have returned home from a pleasant visit with relatives in Minneapolis.

Mr. J. B. Hayes, of the first ward, has just returned from an extended eastern trip. He will spend a week at home, and then start for the northwest, and it is doubtful if he will remain there for two years.

—Postmaster Richardson said this morning that from all indications Janesville would not have free delivery before October. No particular reason for the delay is known except that the Washington officials are crowded with work and prefer to make no change here until the beginning of another quarter.

—Several days ago the Waukesha papers announced that George Anderson, of that city, intended to shoot against F. P. Stearns, of this city, for the championship of the state. So far, however, Mr. Anderson has preserved a discreet silence. The Janesville man is warming up under the collar and long for some one to tackle.

—We say by the Wichita, (Kansas) Beacon that our former townsmen, Mr. H. C. Hadley, is steadily ascending the ladder of railway fame. At a recent meeting of the board of directors of the Fort Scott, Wichita and Western Railway, held in New York, Mr. Hadley was elected to the responsible position of assistant secretary, having his office at Wichita.

His many friends will congratulate him on his deserved good fortune.

—The annual picnic of the A. O. U. W. and their friends, will be on Thursday the 25th inst. at Crystal Springs.

The steamer Enterprise is engaged for the day and will leave for dock at 8:30 a.m., also at 2, 4 and 6 o'clock. Round trip ticket 25 cents. Members can obtain tickets and badges at Palmer & Stevens' drug store.

—Inspectors Bath and Murphy, of the postoffice department finished their examination of the Janesville office this morning. They found everything right except the box rent, concerning which there has been almost too much leniency. Henceforth when the rent of any box is not paid within ten days after the beginning of the quarter the box will be considered vacated. All mail addressed to that box will be placed in the general delivery. The inspector's orders on this point were strict and those that fail to keep their credit good with Uncle Sam must henceforth trade at some other store.

SEEN THROUGH CHASPIE GLASS.

Some of the Salvationists, having a little row all by themselves.

Herb Alton and Harry Sloan, looking for red-headed girls and white horses.

Alv. Kavelson, looking for a job as captain of the Clear Lake camping party.

Commissioner Judd breathing hard as he looks at the place for the new school building.

Herb Phillips and Dr. J. B. Whiting, Jr., getting ready to join the National Guard.

Bert Clark and Vern Price, recovering from too much ice cream and pie at Crystal Springs.

Lead Fletcher, A. P. Burnham and Bert Pulker, practicing for their debut as Aurora's great three-headed battery.

A wide furrow in the middle of the river, evidently made by Elsworth Green, while rowing to beat the record.

The Very Rev. Father McGinnity

singing over the prospect of having one of the handsomest churches in this part of the state.

Call at Golling's for Shultz's cold broiled crepes.

Sugar cured bacon and dried beef.

DENNISON.

Orders received at Golling's for Shultz's cream in any quantity, to any part of the city.

All at Golling's for Shultz's cold broiled crepes.

Telephone Soap is light colored bar.

Don't buy a quilt until you see the one we are selling at 99 cents.

ABUING THE LITTLE ONE.

The Marshal keeps a suit case in the Third Ward.

Last evening parties made complaint to Marshal Hogan that a woman named Little, residing on South Main street, was unmercifully whipping and abusing her children. Marshal Hogan visited the house, but the woman Little was absent.

A little seven-year-old girl was at home, and after a careful questioning and a partial examination, the marshal concluded the report was true. He found the husband, who stated that he could do nothing with the woman, and he would be thankful if the marshal would lend him a helping hand. During the night Little left the city, leaving a note to his wife stating that she would not see him again. The woman, it is reported, is in the habit of neglecting her two little children, is often away from home day and night, and upon returning punishes her little ones to the extreme for the least supposed transgression.

Marshal Hogan intends to have the children cared for at the Sparke school, provided he can get them admitted, as the mother is unfit to have charge of them, if half the reports are true. Mrs. Little was identified with the Salvation Army when the soldiers first laid siege to this city, and many intimate that she was created by the excitement caused thereby.

WHAT THE LADIES SAY.

That the idea of a local tennis club fizzled out.

That the latest shade of blue takes the name of wave blue.

That the ten of seven sticks is the favorite of the moment.

That rubies and emeralds will be the favorite gems this season.

That wheat-stalk pins in silver and silver and gold are much worn.

That the latest idea in jerseys calls for low necks and short sleeves.

That the most fashionable summer hat has all the trimmings on the band.
